

Field Services | Stocking Distributor | Fabrication & Repair | Inside Customer Support Staff

Moyno

- Progressing cavity pumps ▪ Industrial and sanitary designs
- Single shaft solids reduction grinders ▪ Metering pumps
- High solids pump systems
- Annihilator™ twin shaft grinders

Grundfos

- Centrifugal pumps ▪ Stainless steel, Titanium ▪ Vertical multi-stage ▪ Circulators
- Groundwater ▪ E-pumps ▪ Pressure boosting and constant pressure systems
- BoosterpaQ (constant pressure boosting skid with advanced control)

Grundfos Aldos

- Advanced “next generation” digital dosing using robotic technology
- Mechanical and hydraulic diaphragm designs
- Measurement and control of process chemicals
- Chemical feed skids

PACO Pumps

- Double Suction Split Case Pumps
- In-Line Centrifugals ▪ End Suction Centrifugals

Grundfos Sanitary – (formerly Hilge Pumps)

- Premium grade sanitary centrifugals
- Sanitary CIP / liquid ring pumps
- Sanitary lobe pumps
- Advanced surface finishes

PeriFlo

- Peristaltic Hose Pumps (heavy duty, fully contained corrosion resistant hose)
- Chemical Metering Skids (pre-piped, pre-wired, SCADA/Ethernet ready)
- Self-Priming & end suction Mag-Drive pumps
- Replacement hoses for most major brands

Huber Technology

- Industrial Market ▪ Screens: Rotary, Bar, Perforated Plate
- Grit Separation & Treatment ▪ Screw Conveyors
- Membrane Bioreactors (MBR) ▪ Screw Press
- Dissolved Air Flotation (DAF)

Field Services | Stocking Distributor | Fabrication & Repair | Inside Customer Support Staff

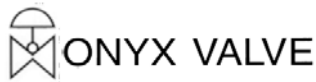

Pioneer Pump

- Self priming, solids handling centrifugal pumps from 3-12 inches
- Vacuum assisted run dry, prime from dry, and re-prime pumps
- Standard end suction centrifugal pumps
- Diesel engine driven for skid or trailer mounted packages

Waste Tech Inc.

- Municipal Market
- Municipal Grit Classifiers
- Municipal Headworks (Bar Screens, Compactors, Transporters)
- Filters
- Sludge Press

Onyx

- Pressure sensing isolator rings
- Pinch valves
- Smart box pump protection packages
- Duckbill check valves

MicrOclor

- The next generation of onsite sodium hypochlorite generators (20-3600 lbs./day)
- Tank shark – mixing, sampling, and chemical injection of potable and reclaimed water tanks

Peerless Process Line

- ANSI standard Process Pumps
- Paper Stock and Slurry Pumps to 18,000 gpm
- Self Priming and Vertical Sump Pumps

Hellan Strainers

- Manual and motorized self-cleaning fluid strainers

PolyProcessing

- High density cross-linked polyethylene (HDXLPE) tanks
- SAFE-Tank® double-wall containment tanks
- IMFO® full drain tanks
- Specialty tanks
- NSF/ANSI 61 for 31 chemicals

Southeastern Fiberglass Products

- FRP tanks and fabrication
- FRP field installations and repair
- Duct work
- Odor/Fume Control
- Customized pipe & fittings
